

Even though Kelly's BBQ sauce is diet friendly, it tastes amazing too! If I ever run out and purchase a store brand to hold me over until my shipment of Kelly's arrives, even my 4 year old and husband can tell it isn't our normal BBQ sauce. They both are not on diets, nor do they need to be, but we all just love Kelly's! It tastes the best when grilling any type of meat! Especially on pork chops, ribs and chicken. My son even likes it on fish. Kelly's should be offered nationwide! It is the best tasting BBQ sauce and it is even diet friendly. You just can't go wrong!

With Kelly's BBQ Sauce, you taste flavor, not sugar like you do in most BBQ Sauces. I recommend Kelly's BBQ Sauce to everyone.

I just wanted to drop you a note about Kelly's BBQ Sauce. My daughter Alyson normally doesn't like BBQ Sauce, but she love's Kelly's BBQ Sauce! We both do; we think it's GREAT!

My husband and I have been enjoying Kelly's sauce for the past year. We love the flavor and also the healthy aspects of the sauce. I have to watch my husband's diet and the fact that it is low in sugar and no fat makes it really a great product for us.

Just dropping a note to let you know how good Kelly's BBQ Sauce is. I love BBQ Sauce and I am very picky about what I choose. It is very good and worth picking up a jar to try.

Kelly's products are very good but the Hickory smoked BBQ is our favorite. It has just enough flavor without drowning out the flavor of the meat. Very nice blend of spices and smoke flavoring.

We have been enjoying Kelly's Classic BBQ sauce for well over a year now and find that it has just the right hickory flavor and a wonderful smooth taste that enhances the flavor of the meat as opposed to overwhelming it like so many sauces. We use it for everything pork, beef, chicken and even shrimp on the grill.

We recently tried Kelly's new Classic Hot and Spicy BBQ sauce. Well, I must say that it is great on wings and drummies...we like it much better than the sauces used in many wing restaurants...and again, it is great on shrimp and catfish nuggets!

If you haven't tried it, you don't know what you are missing!!

We think Kelly's Classic Home Style barbecue sauce is the best we have ever tasted. It is not too sweet, or too tangy....it's just right. The low sugar is a also a plus.

I just wanted to tell you how happy I was to find Kelly's Classic Homestyle BBQ Sauce. My 16 year old son had a kidney transplant in December (donated by his dad), so both of my men need to follow a very low sodium diet. Being from Kansas City, we love barbecue, but the sauce we were using has 380 mg. sodium per 2 tbs. We have tried some really TERRIBLE low sodium sauces. I ordered 1 bottle of Kelly's from Heartwise Foods and it tastes even better than our high sodium sauce. I just tried ordering 6 more bottles from Heartwise, and they said they no longer carry it. A quick Google search led me to the source--YOU!--and I'm so excited and look forward to getting my first shipment from you. Thank you and keep up the good work. Jean McNamara

Hi Kelly! Just wondering if my order shipped yet. I have been looking for it and have not received it yet. We go through this so quickly that I have to order 6 bottles almost every 6 weeks. Thanks again!

Got it last night when I got home. Thank you so much! We can't live without our Kelly's. Funny how we will not use any other kind of bbq sauce and if I do because I ran out and waited to place my order, they know the difference just by taste. Question, how many are in a case? Can I order a case for me next time? Thanks. Marie W
